GENERAL INFORMATION

We All Shine Productions is looking for actors for our adaptation of "Spoon River Anthology".

This production will be made up of pre-recorded performances. Ideally, you would record yourself in a location that is relevant to the character or in a rural setting, that may include a graveyard. Alternatively, we can record you on Zoom with a background, if you have access to a green screen.

The final edited product will be uploaded to YouTube sometime in mid/late October.

This is a NON-UNION, unpaid production.

Please note that you may be asked to secure costumes or props that you have on hand to help create a quality product, if cast in the production.

If you'd like more information about the auditions or content of this specific production, free to email us at weallshineproductions@gmail.com
